BNESIM is the first worldwide mobile operator offering Global Coverage.

Forget about roaming costs. Forget the hours spent desperately looking for free Wi-Fi connections. With BNE SIM you will experience the freedom to communicate from anywhere, hassle free.

## SIM Card price

Our Data SIM card is, promotionally, FREE till the end of 2018! You will pay only the credit you decide to purchase, even only 100 MB of traffic.

Use the SIM card configurator below and decide how GB of data in the Internet Home countries you need and how many minutes of international calls.

All the credits in BNESIM are without expiration! What you will not use during your next trip will stay in your account forever. You are only required to make a top up at least every 6 months to keep your account active. If you even forget to top up, no worries: when you will need your BNESIM again simply make any top up and your account and SIM card will be activated again and you will find all the credits you purchased and not used before.

## Voice top ups

Out of credit to make your next call? Easily top-up by credit card through your selfcare area at <https://selfcare.bnesim.com>. Just select the top-up amount you need and keep enjoying your conversations with your loved ones.

## Local data packages available

Here the list of all our local packages for each one of the 170 covered Countries, both included in the Internet Home Countries and not.

As soon as you will land in your new destination, visit the BNESIM Selfcare and select the right amount of MB for your stay there. The credit will be valid for a single country, without any expiration.

Pssst...check the BNESIM Selfcare even if the country of your destination is in the IHC, very often a local
