# MCE Lasers Australia | Laser Levels | Laser Levelling | Pipelaser | GPS

***MCE Lasers***

## **Medical and Therapeutic**

MCE Lasers has extended its product range to include medical and therapeutic lasers for veterinary applications. Lasers may provide deep tissue stimulation for large animals such as horses and greyhounds, which can contribute to speeding up recovery time and healing after injury.

### **Battery manager**

The Battery Manager is a unique complete conditioning system that allows the user to dramatically reduce the cost associated with the use and service of rechargeable batteries. [\[Product Details...\]](#)

## **Accessories**
