## OUR PARTNERSHIP

### Comm-Co & Smartflow

Apps love a good piece of hardware. That's where Comm-Co and Smartflow come together as partners for our customers.

As we both operate in industries that have a variety of needs towards their field processes, we offer a complete solution for hard- and software in the field.

As a specialty supplier of hardware for the field, Comm-CO can deliver any kind of equipment that will run Smartflow which suits the needs of our clients specific cases. Comm-Co has a broad selection of hardware soltuions which is needed for the variety of forms and workflows that Smartflow digitizes.
