

Explosion Proof ATEX / IECEx Zone 1 iPhone 11

(Self sim-card installation, wireless charging and functional push buttons)

Explosion Safety	CEEx II 2G ; Ex db IIC T4 Gb
------------------	------------------------------

All new from Atexxo Manufacturing, the Apple iPhone 11 now suitable for use in zone 1 hazardous locations. The explosion proof iPhones are originally manufactured by Apple then converted and certified according to ATEX and IECEx by Atexxo Manufacturing. This makes the smartphones suited for safe use in gas /vapor zone 1 hazardous locations. ATEX Zone 1 is the European equivalent for US, NEC Class 1 Division 1 equipment. (C1D1)

Compliance with ATEX / EX regulations is achieved by modification of the casing together with the safe electrical circuit, which makes the smartphones suitable for safe use in zone 1 hazardous locations. All features of the original product are preserved. The EX iPhone can be wired or wireless charged in a safe area.

The ATEX iPhone 11 zone 1 comes with an aluminum case finish and is available for 64, 128 and 256gb models. Beside safe use as smart phone, all versions are excellent for use as safe video or photo camera with Wifi/4G connection.

ATEX / IECEx Zone 1 iPhone 11 for Zone 1 & 2

Benefits:

- Self sim-card installation and eSim
- ATEX and IECEx certified Zone 1 & 2
- Patented design
